### Revalidation Remediation Workshop for Medical Directors and Medical Managers

Wednesday 31st October

New Ellington Hotel, Leeds

**Course fee:** £50.00\*

Nationally, all Trusts are preparing for revalidation with the expected 'go live' date being announced in December 2012. There is much for designated bodies and Responsible Officers to do in order to be 'revalidation ready' including having appropriate policies and processes for remediation in place. Dealing with poorly performing colleagues is challenging and 'getting it right' is crucial not only for patient safety and organisations but also for colleagues themselves. Come to this workshop - discuss the issues, challenges and your concerns within a supportive, experienced group. Representatives from NCAS and GMC will be in attendance at this event.
