Appraisal, PDPs and Case Based Discussion

A half-day training workshop designed to support the personal development of psychiatrists

Venue: Onsite Course Only –
We'll come to you!

Programme:

9.00am	Registration and refreshments
9.30am	Welcome and introductions
12.00pm	Lunch
1.00pm	Close

This half day workshop is designed to help participants to get the most out of medical appraisal and its associated processes for specialists in psychiatry. The session will emphasise the importance of reflection as a means of individual improvement. A variety of learning methods will be employed, including didactic teaching, group discussion on case studies and individual reflection.

Intended learning outcomes:

By the end of this session, participants will be able to: -

- describe their responsibilities for appraisal within the Revalidation Regulations and identify the opportunities for professional development that this will bring about
- construct a Personal Development Plan that conforms to the SMART acronym
- Undertake formal Case-based Discussions with consultant and specialty doctor colleagues.
