Our course is approved by The Midlands and East of England Mental Health Act Approval Panel and is valid for all those seeking approval to work as an Approved Clinician in England.**

**The Approved Clinician is defined as:**

**“A person approved by the appropriate national authority to act as an approved clinician for the purposes of the Mental Health Act 1983”.**

**Approved Clinicians have many statutory roles and responsibilities within the Mental Health Act 1983. Only Approved Clinicians may be appointed as Responsible Clinicians. Registered Medical Practitioners who are Approved Clinicians are automatically Section 12 approved (even if they were not S12 approved previously).**

### **This course will enable you to:**

- **Understand the main provisions of the Mental Health Act 1983 including Community Treatment Orders**
- **Know the role and responsibilities of the Approved Clinician and understand the roles of other key professionals**
- **Have greater confidence with Mental Health Tribunals**
- **Apply at your local office to be included on the Approved Clinician register (subject to meeting your own professional requirements to become an AC).**

### **AC approval**

Our course is approved for all those practicing in England. Attendance at this course is only one part of the approval process. Please contact your Regional Approval Panel for full criteria for approval.
