

Launching...

[Mental Health Education and Training Network](#)

A Network of Experts.....

[Lynne Christopher](#), former Head of Training at the Royal College of Psychiatrists and Head of the Andrew Sims Centre (Leeds), is now launching an exciting new training organisation dedicated to training mental healthcare professionals.

The Mental Health Education and Training Network (ETN) has a highly respected team of expert advisors, a network of expert trainers and an ever-growing group of mental healthcare professionals registering to join and access our rapidly expanding training provision.

Thank you to all who have given us so much advice and support. I'm very grateful.

[Join us, register now](#) and help us expand our Network. I look forward to welcoming you!

Launch of our website – www.educationandtrainingnetwork.co.uk

We are delighted to launch our website which offers a rapidly expanding range of training provision specially designed for psychiatrists and non-medical mental healthcare professionals. Our website features our [open training courses](#) (open to individual delegates), our flexible range of [onsite training courses](#) (where we come to your organisation) and [consultancy services](#) (where we work collaboratively with you). We will be sending out regular updates about our training provision, discounts and offers and other important training notices. [Please sign up for future updates.](#)

Join our Network – [register FREE with us today...](#)

Join our Network and help us expand our provision. We are tailoring our training courses and resources to your needs and as we expand and grow, with your support, we can make our provision more and more affordable. Your membership is the key to cheaper CPD. We will continually re-invest in our provision and services. Read about our [Purpose and Vision.](#)

Watch our Video: [Understanding Community Treatment Orders](#)

[Register with us](#) and you can watch this video FREE.

Dr Tony Zigmond has managed to explain in less than 10 minutes one of the most complex aspect of the Mental Health Act (as amended) 2007. Thank you, Tony! Who else could do this so succinctly? Just an example of things to come...

[Our Expert Advisors](#)

We are proud to be working with a highly respected and experienced team of [Expert Advisors](#) who guide us on the content and structure of our provision. Thank you to all who have for giving us with so much help and encouragement.

[What the Experts say about us...](#)

We are very pleased to receive [testimonials](#) and good wishes from such highly esteemed professionals. It's great to have your continuous support. Thank you!

10% discount for all new delegates

We are delighted to offer a 10% introductory discount off our advertised course fees to all **NEW** delegates registering for their first event with ETN. The discount will be applied at the checkout when you book online. Future discounts and offers will be included in our eNews. [Sign up for future discounts](#)

[Courses – open to you...](#)

[Our range of courses is expanding rapidly.](#) Most of our open courses are offered in the UK's major cities which are all accessible with excellent road, rail and air links. Places are available now on the following courses:

[Essential Psychopharmacology for Old Age Psychiatrists](#)

Wednesday 20th June 2012, Leeds

[Root Cause Analysis Investigations for Mental Healthcare Services](#)

Tuesday 26th June 2012, Manchester

[Managing Change](#)

Thursday 28th June 2012, Birmingham

[Neurology for Psychiatrists](#)

Wednesday 26th September 2012, Manchester

[Onsite Training – We come to you...](#)

[We deliver a full range of courses at your place.](#)

Working collaboratively with you...

We have vast experience in working closely with partners to develop all aspects of healthcare training - CPD courses for all staff including medical and multidisciplinary staff training, whether it is a single study event, a range of specialist training or broader curriculum development.

[Consultancy](#)

- Organisation - wide staff development - medical and non-medical CPD
- Education management and CPD strategies
- Course design for example: Learning sets and learner centred development – great for problem solving and service redesign
- Specialised support services for Medical Directors
 - Organisational readiness for revalidation and appraisal
 - Remediation
 - Investigations

Join our Network – [register FREE](#) with us today...

Thank you for reading this eNews. We hope to hear from you soon!
